Dear Chairwoman Granger and Ranking Member DeLauro,

I am requesting funding for streetscape improvements to Muhammad Ali Boulevard in the city of Louisville, KY. The entity to receive funding for this project is the Louisville Metropolitan Government located at 527 W Jefferson Street, Louisville, KY 40202.

This project will improve connectivity of streets in west Louisville and make for a safer experience for all travelers - pedestrians, cyclists, drivers, and transit users. This project will improve lighting, rehabilitate crumbling sidewalks, insert protected bike lanes, and add green infrastructure to a currently blighted central boulevard in the west end of Louisville. The improvements will also include traffic calming measures to an area that recently experienced a cyclist fatality. This is a valuable use of taxpayer funds because it will improve connectivity in a neighborhood divided by poor infrastructure, and it will make every traveler - pedestrian, cyclist, driver, and transit rider - safer.

The project has a Federal nexus because the funding provided is for purposes authorized under 23 USC 133.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Morgan McGarvey  
Member of Congress
